

# AGRECO Equivalence Standard – AES

## Part III: TRADE RULES

The AGRECO Equivalence Standard – AES represents the normative rules for organic certification applied by AGRECO in countries outside of the European Union (Third Countries - TC). It is split up into three parts, makes reference to the relevant EU legislation and evaluates the rules to be applied in Third Countries to be either COMPLIANT or EQUIVALENT to the EU-norms.

Part I represents the BASIC RULES and makes reference to the COUNCIL REGULATION (EC) No 834/2007.

Part II represents the IMPLEMENTING RULES and makes reference to the COUNCIL REGULATION (EC) No 889/2008.

Part III represents the TRADE RULES and makes reference to the COUNCIL REGULATION (EC) No 1235/2008.

Legend: C = in COMPLIANCE with EU-norm / C-A = ADOPTED decision of the EU-COMMISSION, thus in COMPLIANCE with EU-norm / E = Equivalent application / yellow highlighting = adopted and equivalent text / N/A = not applicable in third countries

The Commission shall draw up a list of control bodies and control authorities, recognised for the purpose of compliance in accordance with Article 32(2) of Regulation (EC) No 834/2007. The list shall be published in Annex I to this Regulation. The procedures for drawing up and amending the list are defined in Articles 4, 16 and 17 of this Regulation. The list shall be made available to the public on the Internet in accordance with Articles 16(4) and 17 of this Regulation.</p> <p>2. The list shall contain all the information necessary in respect of each control body or control authority to allow verifying whether products placed on the Community market have been controlled by a control body or authority recognised in accordance with Article 32(2) of Regulation (EC) No 834/2007 and in particular:</p> <p>(a) the name and address of the control body or control authority, including e-mail and Internet address and their code number;</p> <p>(b) the third countries concerned and in which the products have their origin;</p> <p>(c) the product categories concerned for each third country;</p> <p>(d) the duration of the inclusion in the list;</p> <p>(e) the Internet address where the list of operators subject to the control system can be found, including their certification status and the product categories concerned, as well as suspended and decertified operators and products.</p>	<b>C-A</b>
12	<p>Article 4</p> <p>Procedure for requesting inclusion in the list of recognised control bodies and control authorities for the purpose of compliance</p> <p><b>Referring to the procedure for requesting inclusion in the list of recognised control bodies and control authorities for the purpose of compliance the AES accepts the relevant procedure and adopts the results of the decisions of the Commission of the EU in compliant form, which then will be binding for operators in any TC, respecting the process set out as follows:</b></p> <p>1. The Commission shall consider whether to recognise and include a control body or control authority in the list provided for in Article 3 upon receipt of a request thereto from the representative of the control body or control authority concerned on the basis of the</p>	<b>C-A</b>

model of application made available by the Commission in accordance with Article 17(2). Only complete requests that have been received before 31 October 2018 shall be taken into account for the drawing up of the first list.

2. The request can be introduced by control bodies and control authorities established in the Community or in a third country.

3. The request shall consist of a technical dossier, which shall comprise all the information needed for the Commission to ensure that the conditions set out in Article 32(1) and (2) of Regulation (EC) No 834/2007 are met for all organic products intended for export to the Community, namely:

(a) an overview of the activities of the control body or control authority in the third country or third countries concerned, including an estimate of the number of operators involved and an indication of the expected nature and quantities of agricultural products and foodstuffs originated from the third country or third countries concerned and intended for export to the Community under the rules set out in Article 32(1) and (2) of Regulation (EC) No 834/2007;

(b) a detailed description of how Titles II, III and IV of Regulation (EC) No 834/2007 as well as the provisions of Regulation (EC) No 889/2008 have been implemented in the third country or in each of the third countries concerned;

(c) a copy of the assessment report as set out in the fourth subparagraph of Article 32(2) of Regulation (EC) No 834/2007:

(i) proving that the control body or control authority has been satisfactorily assessed on its ability to meet the conditions set out in Article 32(1) and (2) of Regulation (EC) No 834/2007;

(ii) giving guarantees on the elements referred to in Article 27(2), (3), (5), (6) and (12) of Regulation (EC) No 834/2007;

(iii) ensuring that the control body or control authority meets the control requirements and precautionary measures set out in Title IV of Regulation (EC) No 889/2008; and

(iv) confirming that it has effectively implemented its control activities according to these conditions and requirements;

(d) proof that the control body or authority has notified its activities to the authorities of the third country concerned and its undertaking to respect the legal requirements imposed on it by the authorities of the third country concerned;

(e) the website address where the list of operators subject to the control system can be found, as well as a contact point where information is readily available on their certification status, the product categories concerned, as well as suspended and decertified operators and products;

(f) an undertaking to comply with the provisions of Article 5 of this Regulation;

(g) any other information deemed relevant by the control body or control authority or by the Commission.

4. When examining a request for inclusion in the list of control body or control authority, and also any time after its inclusion, the Commission may request any further information, including the presentation of one or more on-the-spot examination reports established by independent experts. Furthermore, the Commission may, based on risk-assessment and in case of suspected irregularities, organise an on-the-spot examination by experts it designates.

5. The Commission shall assess whether the technical dossier referred to in paragraph 3 and the information referred to in paragraph 4 are satisfactory and may subsequently decide to recognise and include a control body or control authority in the list. The decision shall be taken in accordance with the procedure referred to in Article 37(2) of Regulation (EC) No 834/2007.

13	<p>Article 5</p> <p>Management and review of the list of recognised control bodies and control authorities for the purpose of compliance</p> <p>Referring to the management and review of the list of recognised control bodies and control authorities for the purpose of compliance the AES accepts the relevant procedure and adopts the results of the decisions of the Commission of the EU in compliant form, which then will be binding for operators in any TC, respecting the process set out as follows:</p> <p>1. A control body or control authority may only be included in the list referred to in Article 3 when it fulfils the following obligations:</p> <p>(a) if, after the control body or control authority has been included in the list, any changes are made to the measures applied by the control body or control authority, that control body or control authority shall notify the Commission thereof; requests to amend the information in respect of a control body or control authority referred to in Article 3(2) shall also be notified to the Commission;</p> <p>(b) a control body or control authority included in the list shall keep available and communicate at first request all information related to its control activities in the third country; it shall give access to its offices and facilities to experts designated by the Commission;</p> <p>(c) by 31 March every year, the control body or control authority shall send a concise annual report to the Commission; the annual report shall update the information of the technical dossier referred to in Article 4(3); it shall describe in particular the control activities carried out by the control body or control authority in the third countries during the previous year, the results obtained, the irregularities and infringements observed and the corrective measures taken; it shall furthermore contain the most recent assessment report or update of such report, which shall contain the results of the regular on-the-spot evaluation, surveillance and multiannual reassessment as referred to in Article 32(2) of Regulation (EC) No 834/2007; the Commission may request any other information deemed necessary;</p> <p>(d) in the light of any information received, the Commission may at any time amend the specifications relating to the control body or control authority and may suspend the entry of that body or authority in the list referred to in Article 3; a similar decision may also be made where a control body or authority has not supplied information required or where it has not agreed to an on-the-spot examination;</p> <p>(e) the control body or control authority shall make available to interested parties, on an Internet website, a continuously updated list of operators and products certified as organic.</p> <p>2. If a control body or a control authority does not send the annual report, referred to in paragraph 1(c), does not keep available or does not communicate all information related to its technical dossier, control system or updated list of operators and products certified as organic, or does not agree to an on-the-spot examination, after request by the Commission within a period which the Commission shall determine according to the severity of the problem and which generally may not be less than 30 days, that control body or control authority may be withdrawn from the list of control bodies and control authorities, in accordance with the procedure referred to in Article 37(2) of Regulation (EC) No 834/2007.</p> <p>If a control body or a control authority fails to take appropriate and timely remedial action, the Commission shall withdraw it from the list without delay.</p>	C-A
	<p>CHAPTER 2</p> <p>Documentary evidence required for import of compliant products</p>	

14	<p>Article 6</p> <p>Documentary evidence</p> <p>1. The documentary evidence required for import of compliant products referred to in Article 32(1)(c) of Regulation (EC) No 834/2007, shall, in accordance with Article 17(2) of this Regulation, be established on the basis of the model set out in Annex II to this Regulation and contain at least all the elements that are part of that model.</p> <p>2. The original documentary evidence shall be established by <b>AGRECO in the capacity of</b> control body which has been recognised for issuing that documentary by a decision as referred to in Article 4.</p> <p>3. AGRECO issuing the documentary evidence shall follow the rules established in accordance with Article 17(2) and in the model, notes and guidelines made available by the Commission via the computer system enabling electronic exchange of documents referred to in Article 17(1).</p>	E

24	Article 13	<b>C-A</b>

**I. Export from a third country to the EU:**

**Certificate of inspection**

1. The release for free circulation in the Union of a consignment of products referred to in Article 1(2) of Regulation (EC) No 834/2007 and imported in accordance with Article 33 of that Regulation shall be conditional on:

(a) the submission of an original certificate of inspection to the relevant Member State's competent authority;

(b) the verification of the consignment and the endorsement of the certificate of inspection by the relevant Member State's competent authority; and

(c) the indication of the number of the certificate of inspection in the customs declaration for release for free circulation as referred to in Article 158(1) of Regulation (EU) No 952/2013 of the European Parliament and of the Council ([5](#)).

The verification of the consignment and the endorsement of the certificate of inspection shall be carried out by the relevant Member State's competent authority in that Member State where the consignment is released for free circulation in the Union.

Member States shall designate the points of entry in their territory and inform the Commission of the designated points of entry.

2. The certificate of inspection shall be issued by the relevant control authority or control body, endorsed by the relevant Member State's competent authority and completed by the first consignee on the basis of the model and the notes set out in Annex V and using the electronic Trade Control and Expert System (TRACES) established by Commission Decision 2003/24/EC ([6](#)).

The original certificate of inspection shall be a printed and hand-signed copy of the completed electronic certificate in TRACES or, alternatively, a certificate of inspection signed in TRACES with an advanced electronic signature within the meaning of Article 3(11) of Regulation (EU) No 910/2014 of the European Parliament and of the Council ([7](#)) or with an electronic signature offering equivalent assurances with regard to the functionalities attributed to a signature by applying the same rules and conditions as those laid down in the Commission's provisions on electronic and digitised documents, set out in the Annex to Commission Decision 2004/563/EC, Euratom ([8](#)).

When the original certificate of inspection is a printed and hand-signed copy of the completed electronic certificate in TRACES, control authorities, control bodies, relevant Member State's competent authorities and the first consignee shall verify at each stage of issuing, endorsement and reception of the certificate of inspection that this copy corresponds to the information indicated in TRACES.

3. To be accepted for endorsement, the certificate of inspection shall have been issued by the control authority or control body of the producer or the processor of the product concerned or, where the operator carrying out the last operation for the purposes of preparation is different from the producer or processor of the product, by the control authority or control body of the operator carrying out the last operation for the purposes of preparation as defined in Article 2(i) of Regulation (EC) No 834/2007.

That control authority or control body shall be:

(a) a control authority or control body listed in Annex III to this Regulation for the products concerned and for the third country in which the products have their origin, or, where applicable, in which the last operation for the purposes of preparation has been carried out; or

(b) a control authority or control body listed in Annex IV to this Regulation for the products concerned and for the third country in which the products have their origin or in which the last operation for the purposes of preparation has been carried out.

	<p>4. The control authority or control body issuing the certificate of inspection shall only issue the certificate of inspection and sign the declaration in box 18 of the certificate after it has carried out a documentary check on the basis of all relevant inspection documents, including in particular the production plan for the product concerned, transport documents and commercial documents and, as appropriate according to its risk assessment, it has carried out a physical check of the consignment.</p> <p>However, for processed products, if the control authority or control body issuing the certificate of inspection is a control authority or control body listed in Annex III, it shall only issue the certificate of inspection and sign the declaration in box 18 of the certificate after it has verified that all organic ingredients of the product have been controlled and certified by a control authority or control body recognised by the third country concerned listed in that Annex, or if the issuing control authority or control body is a control authority or control body listed in Annex IV, it shall only issue the certificate of inspection and sign the declaration in box 18 of the certificate after it has verified that all organic ingredients of such products have been controlled and certified by a control authority or control body listed in Annex III or IV or have been produced and certified in the Union in accordance with Regulation (EC) No 834/2007.</p> <p>Where the operator carrying out the last operation for the purposes of preparation is different from the producer or processor of the product, the control authority or control body issuing the certificate of inspection and listed in Annex IV shall only issue the certificate of inspection and sign the declaration in box 18 of the certificate after it has carried out a documentary check on the basis of all relevant inspection documents, including transport documents and commercial documents, it has verified that the production or the processing of the product concerned has been controlled and certified by a control body or control authority recognised for the products concerned and the country concerned in accordance with Article 33(3) of Regulation (EC) No 834/2007 and it has carried out, as appropriate according to its risk assessment, a physical check of the consignment.</p> <p>At the request of the Commission or of the competent authority of a Member State, the control authority or control body issuing the certificate of inspection in accordance with the second and third subparagraphs shall make available without delay the list of all operators in the organic production chain and the control authorities or control bodies under whose control those operators have placed their operations.</p> <p>5. The certificate of inspection shall be made in one single original.</p> <p>The first consignee or, where relevant, the importer may make a copy of the certificate of inspection for the purpose of informing the control authorities and control bodies in accordance with Article 83 of Regulation (EC) No 889/2008. Any such copy shall carry the indication 'COPY' printed or stamped thereon.</p> <p>6. At the verification of a consignment, the relevant Member State's competent authority shall endorse the original certificate of inspection in box 20 and shall return it to the person who submitted the certificate.</p> <p>7. The first consignee shall, at the reception of the consignment, complete box 21 of the certificate of inspection, to certify that the reception of the consignment has been carried out in accordance with Article 34 of Regulation (EC) No 889/2008.</p> <p>The first consignee shall then send the original of the certificate to the importer mentioned in box 11 of the certificate for the purposes of the second subparagraph of Article 33(1) of Regulation (EC) No 834/2007.</p>	
25	<p><b>II. Import by a third country from the EU:</b></p> <p><b>1. The importer shall, in due time, inform AGRECO of each consignment to be imported to a third country from the EU, providing:</b></p> <p><b>(a) the name and address of the exporter in the EU</b></p>	E

26	<p>III. Import/Export among third countries, only:</p> <p>1. For imports of products, labelled with organic indications between third countries the following rules apply:</p> <p>Products, bearing organic indication and imported /exported among third countries must be certified under standard and certification systems which shall be compatible, as far as norms on production, processing, control, supervision and accreditation are concerned. In this respect, the following organic Systems will be considered:</p> <ul style="list-style-type: none"> <li>- European organic legislation</li> <li>- USDA-National organic Programme</li> <li>- Canadian Organic Regime</li> <li>- Japanese Agricultural Standard for Organic Plants and for Organic Processed Foods</li> <li>- any other organic inspection and certification system, fulfilling the requirements for organic inspection and certification systems, assessed as equivalent to Codex Alimentarius Guidelines CAC/GL 32 and the Basic Guidelines of the International Federation of Organic Agricultural Movements – IFOAM.</li> </ul> <p>2. The importer under contract with AGRECO in a third country shall, in due time, inform AGRECO of each consignment to be imported to a third country from another third country, providing:</p> <p>(a) the name and address of the exporter in the exporting third country and his certification status</p> <p>(b) the documentary evidence of the exporter, showing certification acc. to an inspection and certification system in line with the requirements set out above;</p> <p>(c) the name and address of the first consignee in the importing third country;</p> <p>(d) the transaction certificate for the specific consignment, fulfilling the requirements defined under Article 2 (1.2) of this part III (AES) sent either with qualified, trusted and certified electronic signature or as original paper version;</p> <p>(e) any other details AGRECO may reasonably require,</p>	E
27	<p>3. The exporter under contract with AGRECO in a third country shall, in due time, inform AGRECO of each consignment to be exported to another third country, providing:</p> <p>(a) the name and address of the first consignee and of the importer in the third country;</p> <p>(b) all information and documents necessary for AGRECO to issue a transaction certificate for a specific consignment; fulfilling the requirements defined under Article 2 (1.2) of this part III (AES) to be sent either with qualified, trusted and certified electronic signature or as original paper version;</p> <p>(c) any other details AGRECO may reasonably require.</p>	E
28	<p>Article 13a</p> <p>Force majeure or exceptional circumstances</p>	C-A

	<p>Referring to force majeure or exceptional circumstances, the AES accepts the relevant procedure set up by Regulation (EC) No. 1235/2007 in compliant form, which then will be binding for operators in any TC, respecting the process set out as follows:</p> <p><b>I. Export from a third country to the EU:</b></p> <p>1. In cases of force majeure or exceptional circumstances preventing the electronic system from working, and in particular of malfunctioning of the system or a lack of a lasting connection, certificates of inspection and their extracts may be issued and endorsed pursuant to Article 13(3) to (7) without using TRACES in accordance with paragraphs 2, 3 and 4 of this Article, and on the basis of the models and the notes set out in Annex V or VI. The competent authorities, control authorities, control bodies and operators shall inform the Commission without delay and shall insert in TRACES all the necessary details within ten calendar days following the re-establishment of the system.</p> <p>2. When the certificate of inspection is issued without using TRACES, it shall be drawn up in one of the official languages of the Union and filled in, except for the stamps and signatures, either entirely in capital letters or entirely in typescript.</p> <p>The certificate of inspection shall be in the official language or one of the official languages of the Member State of clearance. Where necessary, the relevant Member State's competent authorities may request a translation of the certificate of inspection into its official language or one of its official languages.</p> <p>Uncertified alterations or erasures shall invalidate the certificate.</p> <p>3. The control authority or control body issuing the certificate of inspection shall give a serial number to each issued certificate and keep a register of the issued certificates in chronological order and make the correspondence afterward with the serial number given by TRACES.</p> <p>4. Where the certificate of inspection is issued and endorsed without using TRACES, the second and third subparagraphs of Article 15(1) and Article 15(5) shall not apply.</p>	
29	<p><b>II. Import by a third country from the EU and</b></p> <p><b>III. Import/Export among third countries:</b></p> <p>1. In cases of force majeure or exceptional circumstances preventing to issue a transaction certificate with qualified, trusted and certified electronic signature, the certificate may be sent or received by ordinary e-mail without such qualified electronic signature, provided that an original paper version will be sent simultaneously.</p> <p>2. The products concerned may only be released for free circulation when the original has been received and checked by the importer/exporter and found to be compliant with the specific consignment.</p> <p>3. A copy of the transaction certificate must be sent to AGRECO immediately on receipt for verification purposes.</p> <p>4. Uncertified alterations or erasures shall invalidate the certificate.</p>	E

34	<p>Article 15</p> <p><b>Non-compliant products</b></p> <p><b>I. Export from a third country to the EU:</b></p> <p>Referring to non-compliant products exported from a third country to the EU, the AES fully accepts the relevant procedure and fully adopts the results of the decisions of the Commission of the EU in compliant form, which then will be binding for operators in any TC, respecting the process set out as follows:</p> <p>1. Without prejudice to any measures or actions taken in accordance with Article 30 of Regulation (EC) No 834/2007 and/or Regulation (EC) No 889/2008, the release for free circulation in the Union of products not in conformity with the requirements of Regulation (EC) No 834/2007 shall be conditional on the removal of references to organic production from the labelling, advertising and accompanying documents.</p> <p>When the verification of a consignment by a relevant Member State's competent authority leads to the detection of an infringement or an irregularity that leads to the refusal of the endorsement of the certificate and of the release for free circulation of products, that authority shall without delay notify that infringement or irregularity to the Commission and to the other Member States through TRACES.</p>	C-A

Member States shall ensure effective and efficient coordination amongst competent authorities performing official controls with a view to exchanging without delay information on the detection of consignments of products referred to in Article 1(2) of Regulation (EC) No 834/2007 bearing terms referring to the organic production method, but not declared as intended to be imported in accordance with Regulation (EC) No 834/2007. The relevant Member State's competent authority shall without delay notify the Commission and the other Member States of those findings through TRACES.

2. Without prejudice to any measures or actions to be taken in accordance with Article 30 of Regulation (EC) No 834/2007, in case of suspicion of infringements and irregularities as regards compliance of imported organic products from third countries recognised in accordance with Article 33(2) of Regulation (EC) No 834/2007 or imported organic products controlled by control authorities or control bodies recognised in accordance with Article 33(3) of that Regulation with the requirements laid down in that Regulation, the importer shall take all necessary measures in accordance with Article 91(1) of Regulation (EC) No 889/2008.

The importer and the control authority or control body which issued the certificate of inspection as referred to in Article 13 of this Regulation shall immediately inform the control bodies, control authorities and competent authorities of the Member States concerned and of the third countries involved in the organic production of the products in question and, where appropriate, the Commission. The control authority or control body may require that the product cannot be placed on the market with indications referring to the organic production method until it is satisfied, by the information received from the operator or from other sources, that the doubt has been eliminated.

3. Without prejudice to any measures or actions to be taken in accordance with Article 30 of Regulation (EC) No 834/2007, where a control authority or control body of a Member State or a third country has a substantiated suspicion of an infringement or irregularity as regards compliance of imported organic products from third countries recognised in accordance with Article 33(2) of Regulation (EC) No 834/2007 or imported organic products controlled by control authorities or control bodies recognised in accordance with Article 33(3) of that Regulation with the requirements laid down in that Regulation, it shall take all necessary measures in accordance with Article 91(2) of Regulation (EC) No 889/2008 and shall immediately inform the control bodies, control authorities and competent authorities of the Member States concerned and of the third countries involved in the organic production of the products in question and the Commission.

4. Where a competent authority of a third country recognised in accordance with Article 33(2) of Regulation (EC) No 834/2007 or a control authority or control body recognised in accordance with Article 33(3) of that Regulation is notified by the Commission after having received a communication from a Member State informing it of a substantiated suspicion of an infringement or irregularity as regards compliance of imported organic products with the requirements laid down in that Regulation or this Regulation, it shall investigate the origin of the suspected irregularity or infringement and shall inform the Commission and the Member State which sent the initial communication of the result of the investigation and of the action taken. That information shall be sent within 30 calendar days from the date of sending of the original notification by the Commission.

The Member State which sent the initial communication may ask the Commission to request additional information, if needed, which shall be sent to the Commission and to the Member State concerned. In any case, after receiving a reply or additional information, the Member State which sent the initial communication shall make the necessary entries and updates in the computer system referred to in Article 94(1) of Regulation (EC) No 889/2008.

5. The importer, the first consignee or their control authority or control body shall send the information on infringements or irregularities as regards imported products to the

	<p>competent authorities of the Member States concerned via the computer system referred to in Article 94(1) of Regulation (EC) No 889/2008 through TRACES.</p> <p>6. In case of a non-compliance, with the AES in fact finally stated according to Article 30 of part I (AES) concerning a product imported from a third country to the EU, AGRECO will notify the control body concerned and the Commission of the EU via the electronic reporting system without delay.</p>	
35	<p><b>Non-compliant products</b></p> <p>II. Import by a third country from the EU and</p> <p>III. Import/Export among third countries:</p> <p>Referring to non-compliant products imported from the EU to a third country or imported or exported from a third country to another third country, the relevant measures, set out in this AES apply, which then will be binding for any operator in any TC, respecting the following:</p> <p>1. Without prejudice to any measures or actions taken in accordance with Article 30 of part I (AES) or Article 91 of part II (AES) the release for free circulation in the third country concerned of products not in conformity with the requirements of this AES shall be conditional on the removal of references to organic production from the labelling, advertising and accompanying documents.</p> <p>2. When suspicion of a non-compliance with the AES has been stated by AGRECO and the measures in accordance with Article 91 of part II (AES) have been taken, AGRECO shall require from the operator concerned to notify all customers accordingly the without delay and to present proof of the fulfilment to AGRECO as requested.</p> <p>3. When a non-compliance in fact with the AES has been finally stated by AGRECO and the measures in accordance with Article 30 of part I (AES) have been taken, the operator concerned shall immediately carry out all necessary measures required by the AES and imposed by AGRECO and require from the operator concerned to notify all customers accordingly the without delay and to present proof of the fulfilment of all measures to AGRECO as requested.</p> <p>4. In case of a non-compliance, with the AES in fact finally stated according to Article 30 of part I (AES) concerning a product imported from the EU to a third country, AGRECO will notify the control body concerned and the Commission of the EU via the electronic reporting system, once established.</p>	E
	<p>TITLE IV</p> <p>COMMON RULES</p>	
36	<p>Article 16</p> <p>Assessment of the requests and publication of the lists</p> <p>Referring to the Assessment of the requests and publication of the lists, the AES accepts the relevant procedure and adopts the results of the decisions of the Commission of the EU in compliant form, which then will be binding for operators in any TC, respecting the process set out as follows:</p> <p>1. The Commission shall examine the requests received in accordance with Articles 4, 8 and 11 with the assistance of the Committee on organic production, referred to in Article 37(1) of Regulation (EC) No 834/2007 (hereafter called 'the Committee'). For this purposes the Committee shall adopt specific internal rules of procedure.</p> <p>In order to assist the Commission with the examination of the requests and with the management and review of the lists, the Commission shall set up an expert group consisting of governmental and private experts.</p>	C-A

	<p>2. For each request received, and after appropriate consultation with Member States in accordance with the specific internal rules of procedure, the Commission shall nominate two Member States to act as co-reporters. The Commission shall divide the requests between the Member States proportionally with the number of votes of each Member State in the Committee on organic production. The co-reporting Member States shall examine the documentation and information as set out in Articles 4, 8 and 11 related to the request and shall draw up a report. For the management and review of the lists, they shall also examine the annual reports and any other information referred to in Articles 5, 9 and 12 related to the entries on the lists.</p> <p>3. Taking into account the result of the examination by the co-reporting Member States, the Commission shall decide, in accordance with the procedure referred to in Article 37(2) of Regulation (EC) No 834/2007, on the recognition of third countries, control bodies or control authorities, their inclusion on the lists or any modification of the lists, including the attribution of a code number to those bodies and authorities. The decisions shall be published in the Official Journal of the European Union.</p> <p>4. The Commission shall make the lists available to the public by any appropriate technical means, including publication on the Internet.</p>	
37	<p>Article 17</p> <p>Communication</p> <p>Referring to the Communication, the AES accepts the relevant procedure and adopts the results of the decisions of the Commission of the EU in compliant form, which then will be binding for operators in any TC, respecting the process set out as follows:</p> <p>1. When transmitting documents or other information referred to in Articles 32 and 33 of Regulation (EC) No 834/2007 and in this Regulation to the Commission or the Member States, the competent authorities of third countries, the control authorities or the control bodies shall use electronic transmission. When specific electronic transmission systems are made available by the Commission or the Member States, they shall use these systems. The Commission and the Member States shall also use these systems to provide each other with concerned documents.</p> <p>2. For the form and content of documents and information referred to in Articles 32 and 33 of Regulation (EC) No 834/2007 and in this Regulation, the Commission shall set out guidelines, models and questionnaires where appropriate and make them available in the computer system referred to in paragraph 1 of this Article. These guidelines, models and questionnaires shall be adapted and updated by the Commission, after having informed the Member States and the competent authorities of third countries, as well as the control authorities and control bodies recognised in accordance with this Regulation.</p> <p>3. The computer system provided for in paragraph 1 shall be able to collect the requests, documents and information referred to in this Regulation where appropriate.</p> <p>4. The supporting documents referred to in Articles 32 and 33 of Regulation (EC) No 834/2007 and in this Regulation, in particular in Articles 4, 8 and 11, shall be kept by the competent authorities of third countries, the control authorities or the control bodies at the disposal of the Commission and the Member States for at least three years following the year in which the controls took place or the certificates of inspection and documentary evidence were delivered.</p> <p>5. Where a document or procedure provided for in Articles 32 and 33 of Regulation (EC) No 834/2007 or in the detailed rules for its application requires the signature of an authorised person or the approval of a person at one or more of the stages of that procedure, the computer systems set up for the communication of those documents must make it possible to identify each person unambiguously and provide reasonable assurance that the contents of the documents, including as regards the stages of the procedure, cannot be altered, in accordance with Community legislation, and in particular with Commission Decision 2004/563/EC, Euratom.</p>	C-A
